

***Visible Learning  
Foundation Series***  
**Presented by Ainsley Rose**

Ainsley Rose recently retired after 35 years in public education. As the former director of curriculum and instruction for the Western Quebec School Board in Gatineau, Quebec, Ainsley was responsible for initiating many systemic changes that continue to impact teaching and learning within the school board today.

With experience as an elementary and secondary classroom teacher and principal, as well as an instructor of graduate-level courses for administrators and pre-service teachers, Ainsley shares perspectives that resonate with all educators. He is also a published author, keynote presenter, and facilitator. His presentations deliver practical school improvement strategies that work at every level, from within the classroom to district-wide support.

### **About the Presentation**

Visible Learning<sup>plus</sup> professional learning seminars are intended to provide educators with the confidence to make decisions on how to best raise student achievement through the use of effective, high-yield strategies. This two-day seminar will allow participants to learn about John Hattie's work and the Visible Learning approach, gather data to assess their district's progress toward establishing Visible Learning schools, and devise a plan for moving forward.
